

Wed - eve

well I am still here but I feel awful. I guess they have
all of my measles & trouble stirred up. & it sure makes
me feel bad. They are sure nice to me. I almost play out on
them the baths are not so hot but when they strain your & you
sit down in that tub of hot water for my tail bone I can't
hardly stand it. I just think well I don't guess I will have
a hair when I get up but I am fooled. I'll tell you it
almost sets me a face. They told me this morning that
I would feel good in 2 or 3 weeks after I go home.
That every thing was waiting and are now. Pap said
He felt worst than he did before he started. that he
didn't know he had any thing wrong with him
well how is every one at home? hope Papa is
still feeling pretty good. I fear we have a pretty nice
place a good bed. the mattress is new. and we eat
most of our meals. what we have eat out I didn't
like it & it made me sick. I don't know what they
season with. but the lady we are visiting from

going to eat there after we get our letters
wrote & see how it is. they have a lot of pretty
things here if a person had lots of money. so many
pretty things for your home. & the blouses are
so cute. the styles are different. they are very pretty
I would love to look around in the store but I
don't feel like it after I get my bath I don't want to
do a thing only get in the bed. well I don't
know any more. oh yes it is a good
thing I brought my coat it is
our

real cool to day & it has been every morning & late in the eve

like it might start any time now. I saw the mail is

Sunday eve 4 o'clock

Dearest Margie Norman Papa & mamma
How are you all to day? got yours & mamas
letters yesterday morning when we went
to take our bath at 7:30 kinda early for me
wasnt it. but if we dont go early there
is a lot a head of us. & then we can go
see places for me have the day a head
of us. we went over to little Rock
yesterday got back about 6 o'clock
last nite sure seen a lot of
interesting things I will just have
to wait untill we get home
to tell you about it & we
stoped on our way over there
& went up on some mountain
& down a creek hunting for some
pretty rocks. & we found a beautiful one

2
That they want about \$500 or \$3000
for it at one of these places where
they have them to sell. we talked
a spade with us & did Pap dig up rocks
& turn them over until he found one
like we was hunting for it has a lot
of crystals in it. I am sure proud
of it. we will have something to
remember Hot Springs by. it is
just beautiful out here. but I get
scared to death every time we go
any place these mountains are the
2^d larger than Medina or the
ones I have done around out
there, and so much to see. but
I guess when I get home I will be
like Aunt Milbrie said you was
I want be able to tell you all
half we seen we are having a
nice vacation & getting our bathes too.
I have stood my bath & rub down
pretty good the last 10 days every
one looks awful after they get out
of that dipping vat. & getting smuts in
the hot bats. & then hot packs. &
then rub down. &

when I come home. I aught to say
way. I can tell my back is a lot
better already. I give them a tip once
in a while & they give me a grand
treatment every day. They are sure nice to
me. I get a lot more than most of them
do. but I have to stay a lot longer
but I dont mind that for I am want
to get rid of this man if I can
yes anama Eunice told me about
Ella & Dempsey being there to see
Her place. & they liked it fine.
they were suppose to go back up
there on Tuesday. I think they were
suppose to buy it. but dont say
any thing about it. anama Eunice

didn't aim for one to tell it, until
 she knew for sure. They are doing
 pretty good in there business. so she
 told me. we went out to his place
 & stayed so we had the whole house
 to our selves. we knew we wouldn't
 get any rat if we stayed there to
 much racket going on. sure sorry to
 hear papa had been feeling pretty bad again
 but glad he was feeling a little better. when you wrote.
 well dear I know you all have been
 busy I guess there will be a big change

 you. just think you will have a
 home & it paid for something to be
 proud of. just think how long we were
 paying for our home. yours just
 to lucky kids. & I am proud of you.
