Dear Lt. Morrbe,

Today I saw my sister-in-law - & she had given me your letter - as it had been delivered to Sid's father -

I was quite pleased to hear from - due to fact that you know Sid - I have been keeping in touch with a few chaps - who also were stationed in Corsica - & they seem to keep me informed of all the news - (if any) about Sid & the others in his crew -

You I have received the moving films that Sid had taken - & shall try my best now how to get them off to you - But I'm afraid you will have to be patient as I can't get them off to you for a while - My family is now at the seashore for the summer - & I'm also with them - Sid's family is also away for the summer - & the pictures are now over at his father's home - their home is now closed up till September - & I shall not be able to see them till then - I have told them that you would also like a set of the films - they too are more than glad to have me make up. So please Lt. Morrbe - try & be patient as I'll

do my best - to see that you will get a set
of the films - Do you want a set of all
the films he had taken - or just the ones
where you & the others are being taking
part in the Presentation of awards - Will
you let me know - & in the mean while
I shall try & my best -

Marjorie Ann - (the baby) is fine thanks -
in & seems to be growing up fast - for next
month she is going to be one year old -

It also seems unbelievable that Ed is
missing eight months - but I still have
high hopes - that shortly we may hear some
good news -

Well I guess this is all for now - but if
you have some spare time to kill please
drop me a line -

Wishing you the very best - & lots of
luck -

Sincerely

Edward R. Newman -

My address now - (Summer)

P.S. please don't be so formal - when

Dear Norman -

At last time permits me to write - I must admit - it has been sometime since your letter arrived - I do hope you forgive my tardiness - & I shall try not let it happen again.

I do want to thank you for your thoughtfulness - in sending me pictures & the negatives. In my next letter you will get them both back - as I ~~am~~ am now having copies made up of the two -

Sorry to say I have not received any news in Sid. but then again one can ^{never} tell - he may turn up -

Yes I had received news concerning the radio-gunner - Harris - He is still in the hospital - somewhere in Oklahoma - & is still seriously ill - as now he is fighting off T.B. & is quite depressed. I had plans of flying out to see him - but instead - I shall

be going to the big city - (New York) to see his mother - for she wrote me. That she'll be there & will abls to tell me what ever I want to know -

Monday we are moving back to our winter home - I shall speak to my in-laws - about ^{the} films you want - & will try my best to have ^{them} made up for you in a hurry - also I will know more about them when I bring them in to have a copies made for you - So please don't feel - that I have forgotten about them or you -

There are a few - fellows who were stationed in Corsica that I also keep in touch with. One of the boys - is also from Boston - His name is Ralph Crowley - (Mountman) he is now discharged - but also was a Bombardier. The other fellow is from Ohio - & he is also discharged. His name is (S/Sgt) Emmet J. Cooper) - well all I have to say now is - that I do hope that I'll have

a chance to meet you, Cooper - & the other fellows - who were with Sid - O yes - if you're ever up here in Boston - don't hesitate to stop & say hello - As Sid's friends are allways welcomed to my home -

Well I guess I'll call it quits for now - As ~~me~~ Margie Ann wants her dinner - Speaking of the baby - she is well thanks - & growing up quite rapidly - for now that she walks - she just turns the house up side down - & is quite the Indians - I wonder if she is taking after Sid - or the Mother - because I was quite the brat in my days -

Till I hear from you - take care - stay well - & of course - have fun -

Sincerely,
Elinor
